Reliability & quality service comes standard, without any compromise.

Welcome to Jaxon Tyres, your premier destination for exceptional tire fitment services and unparalleled customer satisfaction. At Jaxon Tyres, ***we redefine the standard for excellence*** in the tire industry, combining precision craftsmanship with a commitment to delivering top-tier service to every customer.

As a leading name in the tyre fitment sector, Jaxon Tyres takes pride in ***offering a comprehensive range*** of services designed to meet your vehicle's tire needs with expertise and efficiency.

From expert fitment using cutting-edge technology to a wide selection of high-quality tyres from trusted brands, ***we are dedicated to ensuring*** that your driving experience is safe, smooth, and reliable.

Our team of skilled technicians at Jaxon Tyres understands the importance of precision in tire fitment, and ***we strive to exceed expectations*** with every service we provide. With a customer-centric approach, competitive pricing, and a focus on environmental responsibility, Jaxon Tyres stands

as a trusted partner for all your tyre-related requirements. As an independant supplier with nearly two decades of combined knowledge, we lean on powerful analytics and partnerships with a host of trusted brands, ensuring our customer get the best deal. Our on-site fitment and supply model improve your productivity and lower operational cost which, in turn, leads to more hauling!

“Where quality meets precision, and excellence is not just a Standard”

- Ensuring optimal performance in challenging terrains.

**Rolling over obstacles,
conquering terrain -
Jaxon Tyres, where OTR
fitment meets unbeatable
performance.**

Jaxon Tyres operates as an unbiased multi-branded independent company, eliminating any potential for favoritism or influence from manufacturer incentives. The company's approach is rooted in **providing products based on market performance data and user preferences. We offer a diverse range of services**, including rim repairs and reconditioning, new tyres and various value-adding propositions such as tire repairs, tire fill (both new and recycled/crumb), on-site tyre mounting and demounting with further services such as fleet performance analysis.

It is important to note that all products supplied by Jaxon Tyres come with a manufacturer's warranty covering any defective materials or faulty workmanship.

Safety:

Our technicians are highly trained in OTR tyre fitment. **Our number 1 priority is safety first.** Our technicians are put through

multiple courses and are always equipped with the required PPE and medical certification conducted annually.

Our mobile fleets are equipped to handle any fitment remotely, Equipment serviced regularly to industry standards with certification.
